Designed for Optimum Productivity

- Provides single pass scanning for fast and accurate ballot reads
- Scans ballots ranging from 11 inches to 19 inches in length
- Requires minimal training and is easy to operate
- Captures write-in images in both color, and black and white
- Uploads results directly to the OpenElect Central Suite (OCS) Tabulator

Designed for Security and Speed

- Capable of scanning 50 ballot pages per minute
- Hardened Linux/Java multi-tiered platform provides enhanced security
- Extracts write-in entries from ballots and presents consolidated reports for each contest

Unisyn Voting Solutions, Inc., provides secure election solutions to public and private voting entities.

Unisyn products provide a wide array of choices in selecting a voting system.
